Attention! For damage, caused by disregarding of the manual, warranty expires !

We are not liable for secondary failures, material or personal damage, caused by improper usage or disregarding the security notices.

Attention! Based on security and registration (CE) reasons, it is forbidden to modify the product personally. Do not disassemble the product.

Attention! Small parts. Danger of suffocation or risk of injury caused by small parts.

The product is not allowed to get moist or wet. The product is only allowed to be used on flat and clean surfaces. Even a drop down from a small height can cause damage to the product. Usage of more than one Products of same Frequency at the same time is not possible, because it will affect each other.

Battery Notice and Battery Disposal

Attention! Battery do not belong in childrens hands. A change of the battery has to be done by an adult person. Never mix chargeable batteries with non-chargeable batteries. Never mix fully charged batteries with almost empty batteries. Never mix batteries of different capacities. Never try to charge dry batteries. Take care of the correct polarity. Defective batteries belong to special waste. Never leave a charging battery unattended. For questions about the charging time please read the manual or ask the manufacturer.

Disposal

The company AMEWI is registered below the WEEE Reg. Nr. DE93834722 at the foundation EAR and recycles all used electronic parts properly. Electric and electronical products are not allowed to put in household garbage. Please dispose the product at the end of the lifetime according to the actual laws. You as a customer are responsible by law for the return of all used batteries, a disposal over the household garbage is forbidden !

Batteries containing hazardous substances are marked with the alongside symbols, which point to the prohibition of disposal in household garbage.

Additional notations for the critical heavy metal are: Cd=Cadmium, Hg=Quecksilver, Pb=lead (Label is placed on the batteries, for example below the bottom left trash symbols).

Based on RoHS labeling the manufacturer confirms, that all limit values were taken care of at the time of manufacturing.

Batteries labeled with the recycling symbol can be put into used battery collecting tank.
(Most supermarkets have)
They are not allowed to be put into local household garbage.

AMEWI Trade e.K. is involved in the dual system for boxing over the company Firma Landbell AG. All used boxes are collected from partner companies (waste disposal contractor) at private customers (local household), sorted and properly utilized. The Involvement in a Dual Systems helps to save CO² Emissions.

Thank you for choosing our toys! Please read through this instruction manual before use as it contains all the information you need to know about how to correctly, joyfully use this product.

PRECAUTIONS:

▪ Electric Product

Do not give this product to children aged 14 or below. Like other electric products, this product is also to be used in a safe way to avoid electric shock.

▪ Adult's Supervision Required

Warning! Do not try to modify this product, which may void your right to use it.

CHARGING

- (1) The new Ni-MH battery pack included in this set needs to be charged before use.
- (2) Plug the charger to a wall outlet and join the battery's connector and the charger's connector.
- (3) Please charge for approx 3 hours
Do not overcharge as it will not fill the battery with more power.
- (4) Please check on a regular basis the wire, plug and other electric parts on the toy, batteries and charger. If any damage is found, please repair it before use.

INSTALLATION OF BATTERIES

TRANSMITTER

INSERT BATTERIES

- (1) Open the battery cover.
- (2) Correctly install the included batteries in the battery compartment and replace the battery cover.
- (3) Fasten the screw with a plus driver.

BASIC OPERATIONS
